Colorado Head Coach **Karl Dorrell**

OPENING STATEMENT-"It was a disappointing game in terms of the expectations that we had for ourselves in this game. I think a lot of issues were culprits as to do with results of what they were. Particularly not taking care of the ball, offensively and we had those three turnovers in those moments that we really didn't quite stay in rhythm of where we should be— and a few dropped passes. So, I think offensively it wasn't quite the performance we were looking for. I think, defensively, there were some spurts of really good defensive play and good series, but for the most part they had some issues too. We had some missed tackles, they got some runs out on us, they threw a few passes on us, so they were more efficient offensively than we were. They took care of the football-- they only had one turnover, versus our three—they had no penalties, we had four. That's not a lot for us, but still, for them to come in and play a clean game on the road—they did what it took to win the game."

"It's unfortunate, our guys are disappointed and most of our disappointment is because of our own shooting ourselves in the foot, more so than anything. The turnovers—we had a few dropped passes that were some conversions on third down, that could have happened. We just didn't play our normal selves. It's unfortunate—we'll learn from this, we'll pick up our ball and go home and get ourselves ready to go next week. I'm still encouraged by this football team with how far they've come. This was our big adversity of the season, in terms of having a loss, and I'm excited about what this does for us in our future. We'll get a chance to bounce back and hopefully correct a lot of issues and play a better performance next week. I'll open for questions now."

ON HOW THE DEFENSE PLAYED AFTER LB NATE LANDMAN LEFT THE GAME AND IF THERE IS A DIAGNOSIS ON HIS INJURY- "He has an ankle injury—a lower leg injury. He's going to be down—I think he's going to have an MRI, but he's down for at least the rest of the season this fall. It's unfortunate that that happened for Nate. Nate was off to a great start for this year and for that to happen, and the way it happened, it's unfortunate."

"But no, I won't say-- not one guy does the whole defense. Even though he's a great piece to that, we have a next man up mentality about when someone goes down that we expect them to come—the next guy in to come in and do his job effectively, just like the starter. I think it was still a combination of-- there was a lot of missed tackles. We had a couple times where we had big sacks in the backfield, and we didn't get them down and he ended up getting some positive yards—I'm talking about their quarterback Bentley. I'll give Utah credit, they played hard when we did,

unfortunately. I think our guys played hard, but they made more rugged plays than we did, and that was a difference in the game. Those turnovers, breaking some tackles and letting off some big runs. I think those are the big culprits of what's happened for us today."

ON IF THE EXPECTATIONS AND HYPE OF TODAY'S GAME PLAYED INTO THE TEAM'S PERFORMANCE- "I don't think so. I don't talk about the hype; I think you guys do it more than we do. We had to just do the things that we were capable of doing for ourselves. A lot of it was self-inflicted today. You saw it, there was turnovers—that's an issue. You can't turn the ball over and that happened with [QB] Sam [Noyer] with an interception— he had two fumbles and [RB] Jarek Broussard, who normally doesn't fumble. Those three turnovers were critical in moments of the game where we're getting ready to drive. I think defensively we could have tackled better. Those are the things that we had the guys in position-- we missed a lot of tackles today. It was just one of those instances where I think they were more ready and prepared to come in and play and do what they did. I think our guys were ready to play, but unfortunately we didn't execute very well."

ON IF HE FEELS LIKE THERE WAS AN OVEREMPHASIS ON THROWING THE BALL TODAY AFTER RUNNING THE BALL WELL LAST WEEK- "I don't think it was an over emphasis at all, we wanted to have balance. I thought our passing game actually did some real positive things early. There were some dropped passes that hurt us, we had a couple of big go routes that helped us—there's a number of plays that I think were working for us. I think run game-wise, we weren't as heavily into the run, just because of the situations in the game—particularly that fourth quarter. Pretty much that whole fourth quarter, we were trying to get ourselves back into scoring positions. So, the last 10 to 15 plays were passes, maybe skewed the whole process, but we were down in terms of points on the board. We're still going to always strive for balance. I thought that [QB] Sam [Noyer] did some good things today and he obviously did some things that he wish he could have back. We're going to continue to search and grow and bring our players along. We have a lot of young players on offense that are playing. It was good to see a young player like a [WR] Brenden Rice make some of the plays he made today. Sam, even though he's a senior, he's still young and he's growing through the process of being a starter. So, we've still got a lot of work to kind of refine and finish and execute. We just have to get back to the drawing board and do things better."

Colorado Head Coach **Karl Dorrell (Cont.)**

ON QB SAM NOYER LEAVING THE GAME EARLY BUT THEN COMING BACK LATER- "He's been dealing with a sore shoulder most of the season. So, that's something that we've been dealing with him from the very beginning. We're just working on getting him better. He had one run that I think aggravated it and that's why he went out and went to get it examined and then came back out. He's been dealing with that most of the season and I just think he took a shot on it today. He needed to get it evaluated and come back out and finish. We're going to continue to work and see what his progress is as we go through this next week, but all indications right now are, the doctors and trainers are telling me that he's okay."

ON WR BRENDEN RICE- "He had a nice couple plays today. It was fun to see him get a chance to make a few plays. He's a good young player, he's a player that we feel he has a lot of upside. He's trending up and he's getting better week after week, so it was fun to see him make a few plays. I thought he had a drop pass today though, so I won't be too high on his bandwagon, but he's making really good progress. We're happy he's getting acclimated into the college level of play. He'll continue to get better."

ON THE SENSE OF THE DISAPPOINTMENT THAT HE SAW IN THE LOCKER ROOM AFTER THE GAME- "They're all disappointed. We're all disappointed. We had an opportunity, so we didn't take advantage of it. We're going to learn from this and continue to build this program. That's what we're going to do."

ON WHAT DEFENSIVE ADJUSTMENTS UTAH MADE IN THE SECOND HALF- "I think they hit a couple passes—they hit a screen on us. I think the first series of it, they got a big run that jumps out of there and gets them down there deep in the redzone. I think that's probably the biggest things that happened in the second half, they had a couple of big runs that were not happening in the first half. They happen to execute a little bit better than we did. We missed some tackles and they scored, I think, 14 points in a matter of two or three minutes, if I remember, in the early part of the third quarter. So, we just have to go back to the drawing board and fix some of these things when we watch the tape. I think the most glaring thing I saw were missed tackles today, which is really uncharacteristic—we haven't really done that as much as we did today, unfortunately, and it showed up today."

ON THE CHARACTER OF THE TEAM

"I do believe this team has really good character. I do feel that. In the locker room, there is disappointment but there is also understanding of why they are disappointed. They

knew where the issues were as to why we lost today. That tells you a lot about their growth as a team when they can basically say, 'Coach, this was our problem today.' The mindset now is to get those things fixed to get ready for next week. There is still a lot of enthusiasm about finishing the season in a strong way. We had an opportunity here to control our own destiny and we didn't do it. I think that is the biggest disappointment, the way that it happened with turnovers and doing some things that are uncharacteristic with what we've seen. But actually, we have seen a little bit of the turnover thing offensively. We have to take care of the ball better. Defensively, that was probably more uncharacteristic seeing all the missed tackles. You haven't really seen that as often. What you do is get back to work. There is no other way to do it. To get things fixed is to get back to work, analyze the issues that we had and dealt with today, get some resolution, and get it fixed so we can move forward to the next week. I think our players, given what they felt, are disappointed today but they know there is much more football to play."

ON THE CONDITIONS OF THE FIELD- "It shouldn't have been (an issue). Utah came in here and played on the same surface. We are both on the same surface. We have no excuse for that. I am not using any excuses now. There were two teams out there, our team and Utah, on the same field. No excuse."

Utah Head Coach Kyle Whittingham

Opening Statement

"I'm proud of this team. They hung in there and fought their way out of a tough spot. Went into halftime down, 14-10, and promptly gave up a touchdown right out of the gate in the second half. No way to start the second half, and certainly not the ideal way, but they never flinched. The offense got clicking and scored 28 points in the second half. Jake Bentley got hot in that second half. He was 10 of 19 in the first half and then 10 of 13 in the second half. He really picked up his play. A lot of plays being made up there by a lot of people. Britain Covey had some key catches to keep drives alive. Ty Jordan, another big rushing day. Defense played solid throughout them and gave up 14 points. We had the one issue on the punt return, which can't happen, we got to get that corrected. Field goal kicker was outstanding, another 3-3 outing, made all his PATs. But the most important thing is this team just hung in there, never flinched and just kept fighting and found a way to win. That's a good win on the road against a top 25 team. Proud of these guys.

On Jake Bentley's performance

"We're very impressed and proud of him. Andy had a pretty stern talk with him at halftime and let him know that he needed to bring more confidence and just be better overall. Jake responded. That was great to see. Jake's a competitor and he's a veteran. He's been there, he's started close to 40 games at the power five level. He's no stranger to situations and it was great to see him respond that way."

On defensive adjustments in the second half

"We were really physical throughout. Stopping the run was gonna be our solution and one of the keys and he was our rush defense versus their rush offense. They had a back that was leading the conference just coming off a 300 yard plus outing last week. We knew that if they got their usual yards on the ground it didn't bode well for us. So, the run defense is where it started. Then we did a little mixing up in the second half, more single high stuff instead of the split safety looks that we had more of in the first half. It was more effective for us. A little more man coverage in the second half as well. Those corners, we're trying to bring them all slowly. We don't want to be too high of a dose of man coverage. Typically, we're an 80%-man team. That has not been the case this year because we are bringing those guys along and allowing them to gain confidence. So, Coach Scalley, the defensive captain did a phenomenal job of putting them in situations. They responded and defensively we had three takeaways and that was huge. We were plus two in the turnover margin. We don't lose many games when we're plus two in the turnover margin."

On the momentum switch at the end of the first half

"It gave us good momentum going into halftime. That was the exact situation that we had a week before, but we didn't get down. We did great job of getting what you get and getting down to be able to call timeout and get the kick away. Whereas last week, we got to do a better job as coaches. We got it emphasized and got it executed today. That did give us

momentum. It took the wind out of our sails a little bit when they responded. I think they were at the 40-yard line after second half kickoff and then one play later in the endzone. So that was a little bit of a wake-up call, but like I said, our guys just hung in there and continued to fight. That's what you want to see, the team's fight. Want to see guys that can handle adversity. Gotta handle adversity, gotta handle success. It's all the same. You got to keep playing at a high level and not let things snowball on you."

On defense exceeding his expectations from training camp

"Yes. I think we're second in the league in total defense. If you told me that we replaced nine starters and played with four, five, six freshmen and be second in the league after four games, I'd say that's pretty good job. Those young guys are responding. We're excited about their future. I can tell you that we've got a big upside looking ahead."

On if this was the blueprint for a Utah win

"Absolutely. I would love to do that every week. That's awesome. That's not gonna happen every week. That's how we always play, have a good, great defense. We did just that today. It all starts with defending run. If you can defend the run, you turn a team one dimensional and that is a big advantage. Just proud of the way the guys executed the plan."

On Nephi Sewell

"First of all, he's got really good speed and quickness for linebacker. He was a safety before he got to us, and actually was a safety for part of last year before we made the move full time to linebacker. That defensive back quickness and change in direction and burst is really a huge asset, even as a linebacker. He did a great job in the offseason putting on 15 pounds. He was about to 210 last year we you should probably put on 15 pounds. He's 225 pounds, about six feet tall; a little undersized for a linebacker, but just quick, tough, instinctive, and he has a nose for the ball. It runs in the family, I guess. He's one of a bunch of really good football players."

On Ty Jordan in the second half

"We just started blocking better in the second half. We challenged the offensive line a little bit at halftime because we weren't getting much movement in the first half and the pass protection was a little rough. They responded and did a great job in the second half. Got some movement, tight ends were involved in as well and did a nice job blocking those long runs. So, concerted effort by everybody, but a great individual job by Ty Jordan."

On the unorthodox season

"It has been rough. It has been different and challenging, but our guys have responded as well as they possibly could have. It was tough to get the rug pulled out from under them on the 11th hour in those first two ballgames, that was a little bit disheartening. But it was the right decision to make. They responded and played their hearts out in the last four games even though we didn't win the first two. It's been a four-game season, it seems like a 14-game season. It's been a journey, but you got to be resilient, you got to be tough, you got to keep fighting. That's what they've been doing."

Colorado Players

S Derrion Rakestraw

ON INJURY TO NATE LANDMAN-"Obviously, that was a huge loss for us, losing one of our brothers on the field. We have to have that next man up mentality; we rely on our next man to come in there and make the same plays that Nate (Landman) can make. Going into these next few weeks that is what we are going to have to do. He's most likely not going to be playing with us for the rest of the season, so we better have that next man up to come in there and ball for us."

ON TEAM'S MISSED TACKLES-"There's really no excuse for it, those are plays that we've got to make. There's no excuse for missed tackles, we've got to make them. That's all it comes down to."

ON HOW LOCKER ROOM WILL RESPOND TO LOSS-"I believe that we are going to respond well. We have some great character in the locker room, the whole team has a great mindset. Nobody wants to lose, especially not in that way, and especially not at home. Our coaches are going to respond, so I'm excited to see how we come out and play next week."

ON MOOD IN LOCKER ROOM-"We didn't even think about the rankings, or anything like that going into this week. We just knew that we had to take it a game at a time. This was a game that was in our way towards what we wanted to do this season, and we just did not get it done. I don't think it had anything to do with us being ranked, it just came down to what we were doing on the field, and we just didn't get it done."

ON LOSS KNOWING WHAT WAS AT STAKE-"It definitely hurts, we were controlling our own destiny. We didn't get it done; we didn't execute. Shoutout to Utah they played a great game, you have got to give them their respect. We have got to come out and play better, and that wasn't the best we can play. Next game we've got to do better."

ON STRUGGLES AGAINST UTAH-"They're just a solid team, just like we are. They are well coached, and they executed better than we did today. We have just got to get it done. There's nothing crazy about it, we're both good teams. They just made more plays than we did today."

ON HOW LANDMAN'S INJURY AFFECTED HIM-"I hate to see it, just because I know how much work Nate (Landman) has put into this, and I know how much he wants it. I just felt for him, and I want him to have a quick easy recovery. I want to see him back on the field. I definitely felt for him and felt like we had to play for him. It's upsetting to know that we didn't get it done."

ON UTAH RB TY JORDAN-"He's a solid running back, and I believe he's a true freshman. He has a lot of upside to him, he was solid. He's a good running back, there was nothing out of the ordinary that we weren't ready for, but he's definitely a solid running back and a good player."

ON UTAH'S GOOD FIELD POSITION-"It's definitely a challenge, but it doesn't change our goal. We want to force three and outs, and we want to hold teams to no points. We come out with the same mindset no matter where the ball is on the field. We knew that we had to get stops, and that's what we were trying to do. It didn't really have anything to do with where the field position was at."

Colorado Players (Cont.)

WR Brenden Rice

ON OVERALL THOUGHTS AFTER THE GAME - "I have to say it kind of hurts. We were doing so well all season with our drive and passion in the locker room. At the end of the day, you have got to be afraid of losing as much as you want to win. And you just have to keep pushing towards your goals, and I think we lost track of that. We got too excited after the first half and we couldn't keep up the pace."

ON FEELINGS AFTER A 61-YARD TOUCHDOWN- "I was ecstatic. Honestly, I just wanted to be able to contribute to the program, but at the same time, we knew that the game wasn't over, and we knew that it was going to be a 60-minute football game. In that case, I got the touchdown and we had to move to the next play."

ON NATE LANDMAN BEING HURT - "Any one of our brothers, when they go down, it hurts us. Everyone you see in the locker room was in shock. It's just the same for everybody, we treat everybody the same. Nate is a big part of our defense but at the same time, we treat him like every other person is just another brother of ours. We're just sad to see him go down."

ON RESPONDING TO THIS LOSS - "Honestly we just have to watch the film and drop it. We'll get ready for practice next week because it is in the past now. We can't do anything about the past, we just need to push forward."

ON THE LONG RETURN & EXPERIENCE BEING A PUNT RETURNER - "I was a Punt Returner all my high school career. I just saw that the punter made a mistake because I was running towards Dimitri trying to get blocking in for him, I see the ball going the other way and I was like, oh wow, Dimitri's yelling at me, he's yelling at me to get back over and then I got to the ball and I saw a wide-open lane."

ON HIS VANTAGE POINT IN THE LONG RETURN - "Honestly, just seeing the whole punt team moving towards Dimitri, I'm trying to get in front of them trying to block for a punt returner, and then as soon as I saw the ball in the air, I knew I had to like go get it. Go try to make a play, so I cut downfield heading towards the kicker hopefully I can slip by him because I know if I get tackled by the kicker my teammates are going to talk crap to me all the time so I just wanted to contribute to the team."

QB Sam Noyer

ON THOUGHTS ON HIS PERFORMANCE- "They had a great secondary defense, they are a well-coached team. I didn't play as well as I wanted to in the second half, but as I said, they were just a good team and they outperformed us."

ON ISSUES DURING THE GAME - "I think we are just shooting ourselves in the foot a bit. The interception hurt us. Overall, the

performance could have been better on offense. We just have got to learn and get better from here."

ON BRENDEN RICE'S IMPACT TODAY- "B-Rice is a great player, we have those great players all around the field. It's nice having those guys and he stepped up and made plays when we needed plays. He did a great job."

IN HIS MESSAGE TO THE TEAM AFTER THE LOSS - "Don't keep your head down. That is a good Utah football team and we just need to learn from it and come back better next week."

ILB Jonathan Van Diest

ON INDIVIDUAL PERFORMANCE TODAY- "We are just trying to have a mentality of the next man up. Just do what I can, make my plays. Just be there with my teammates. We had a couple of shortcomings, but we have a lot to get better at and work on. We'll just keep improving."

ON THE DEFENSIVE MESSAGE AFTER NATE WENT DOWN - "It's just next man up. That's the mentality we have here. It's football, not everyone's going to be healthy 24/7 and things are going to happen so we have to be ready for it."

ON WHAT COULD BE IMPROVED ON DEFENSIVELY - "I feel like in this game there were just small things here and there that we need to work on. After watching the film we'll know the concrete things to work on."

WR K.D. Nixon

INITIAL IMPRESSIONS OF BEING BACK ON THE FIELD - "I feel great, it hurt losing but one thing you can do is keep going, keep pushing, you can never give up so that's what I'm going to be doing."

ON THE WEAPONS HELD AT THE RECEIVER POSITION- "It's a lot of weapons. We just have to capitalize on opportunities and do what the team wants first, we are not selfish. When our name is called we try to step up and when it is not called we just do our job staying positive and staying high. We have a lot of good guys so we are just going to keep going."

ON WHAT CAN BE IMPROVED ON NEXT WEEK - "Just being able to attack the ball, being able to catch every ball, being able to block for our teammates. There are always things you can get better at. I don't feel like we did anything perfect so we just need to get back to work."

ON BRENDEN RICE'S PERFORMANCE TODAY - "He reminds me of Laviska (Shenault Jr.). He's big, strong, fast, confident. That's what I try to tell him every time I talk to him. I tell him to believe in himself. That's all it takes for opportunities to happen, just to believe in yourself. When receivers get opportunities, we step up to the plate. All it is is just believing in yourself, having fun, and having confidence."

Colorado Players (Cont.)

DE Terrance Lang

ON INITIAL THOUGHTS ON IMPROVEMENTS FOR DEFENSE - "We played hard. I feel like we have a lot to improve on when we look at the tape. One of the most obvious things was tackling, I feel like we need to improve on tackling. We had a lot of missed tackles. All we can do now is just get back in the lab and fix it."

ON THE MESSAGE AFTER LANDMAN WENT DOWN - "There wasn't a specific message. Nate's a really good player, we all love Nate, but it was the next man up mentality. We had a game to win, the game was on the line."

ON INDIVIDUAL PERFORMANCE TODAY - "I feel like I played alright, but I can always play a lot better. I have a lot of work to do. I'll never say that I played well enough."

CB Mekhi Blackmon

ON THE INTERCEPTION- "I was backside, I had a double move, I think he ran a post corner. We got a good rush, I think they tipped it a little bit, and when it came out, it was overthrown a little bit and I just picked it up. I had missed some others earlier in the season. I just looked for the ball and caught it."

ON DEFENSIVE IMPROVEMENTS - "We lost some people today because of injury, that's one thing that hurt us. Also tackling. We just have got to be better tacklers."

ON DEFENSIVE MESSAGE AFTER NATE WENT DOWN - "We know he is one of the hardest parts of our defense, but as we said, we have to get the win for him, it can't be a fall off, everybody has to step up, next man up mentality, that's just how we went about it."

ILB Akil Jones

ON HOW HE FELT IN HIS FIRST GAME AS A DAD- "Yeah, the rumors are true, dad strength does exist."

ON MESSAGE TO THE TEAM AFTER NATE LANDMAN INJURY- "It was just next man up, even with how tough it is, especially with-it being Nate (Landman). It broke my heart honestly because he deserves everything. He's the toughest dude out there, but it is football, and it is just the next man up. We tried our best to fill the gap and try to keep playing like we didn't skip a beat."

ON WHAT THEY NEED TO IMPROVE GOING INTO NEXT GAME- "There's always things to improve on. Whether it is coverage, or whether its alignment and assignment, I think that it's just the basics. We just have to go back to the basics, tackling, running our feet. I believe we have a really good defense; we play good ball all around and we communicate. It is just the little things now that we have to get tuned up."

WR Maurice Bell

On his touchdown play- "It's been a long time coming, I've been waiting for that for a minute. It was just a great play call honestly, it was a great read by the quarterback, and a great throw. At the end of the day, I just had to make the play when it came."

On the skill of CU's receiver core- "We are stacked at receiver, and we are all very talented. We all take accountability of it, and we take pride in it. We all know that we are talented so every time we have the opportunity, we have to make plays. If the ball comes to us, we have to make the plays. Even in practice, with us being so talented, we always push each other, and make sure that we are the best that we can be."

Utah Players

WR Britain Covey

ON WIN & SETTING TONE IN SECOND HALF-"The coaches did a great job of making adjustments going down to what we were doing well at and what was open. It comes down to that we haven't played a full game yet. This team has always had either one half or one quarter missing. The first half wasn't on us, I think Colorado is just a good team and we came out after half and made some adjustments. We had to battle back from some adversity which was awesome and finally play our first 60 minute game in my opinion"

ON KICK/PUNT RETURNS-"It's critical. I talked to Coach this week about giving me more freedom on taking kick returns along with punt returns. They're much different because the momentum is usually with the team kicking off because they scored or whatever it is. If you can then switch the momentum back off of a good kick return, that is huge for the offense. They're two different things and I'm excited to get more opportunities on kick returns and I really think I can bust one open."

ON JAKE BENTLEY'S PERFORMANCE-"I think it comes down to playing a full 60 minutes. When Jake is confident, he is amazing and plays so tough. I mean look at those scrambles, you have no idea what that does for the rest of the team. He looks like Hercules out there breaking four tackles on a scramble and it pumps us all up. It makes us want to go to war with him. We have full confidence in Jake and I'm excited to see what we have left this year (one game). We trust Jake with this offense, I mean we voted him a Captain that's all you need to know about him."

ON BEING HEALTHY AND HIS PERFORMANCE-"This is just scratching the surface of what type of player I can be. Deep routes, short routes, running the ball. I feel like being healthy is only helping me scratch the surface and this isn't the best performance I play on having in my career. I'm just excited, I know there are all the jokes of me being old, but I'm only 23 and I feel like I have my best years ahead of me. Maybe not for my hair, but other than that I feel young and excited."

ON HAVING ONLY ONE GAME LEFT-"It's sad. This is the first time in my career where we aren't playing for a championship or going to a championship. It's different, you have to dig deep and find what motivates you. We have one game and this has been such a weird season. The honest truth is we're all pretty burnt out. You saw what Boston College did (opting out of their bowl game) and with the emotional drag of the season, we only have one game but we're ready to finish strong and go into next year with a winning record."

ON BLUEPRINT OF UTAH-"Yes, typical blueprint. I heard Yogi Roth say something the other day saying "You don't want to play Utah. It doesn't matter if they're 4-0 or 0-4, because you know you're going to get physicality, some amazing defense and big plays". That's what we pride ourselves on."

ON EARLY START- "It was great. We woke up to the fire alarm at 6:30 am. It's nice, we started thinking about the game the moment we woke up. It's a shame we still have finals. That's the only negative part. If we had lost, I would've probably failed my final tonight but now, I'm going to go back and study."

LB Nephi Sewell

ON QB'S THROWING IN HIS DIRECTION-"Yeah, I see a lot of stuff on film and Coach's help. We obviously put a lot of emphasis on this week because over the last few games, they've seen us bite on the run a lot and then Coach told us to dial in our eyes and then I saw high hats so it just happens."

ON CU'S FUMBLE AT END OF FIRST HALF-"We definitely had momentum going into the half. Our offense had been struggling at the moment and then we went down with that firefighter mentality that Coach Kelly preaches and whenever there is fire, we're the firefighters we have to put it out and as a defense we did a good job of that. It just so happened we forced that fumble and our kicker was able to get those 3 points at the end of the half."

ON DEFENSE-"It's definitely a milestone for us, but I feel like we can be so much better than we are. We've only played four games and we are just now scratching the surface. There are only limits if you put yourself into them and we can be a better defense, go from good to great."

ON MOVING POSITIONS-"Nothing changes. Being in the LB room, I know what the linebackers and defensive line is supposed to do. And being in the Safety room, I learn the entire defense so it's really not too much for me. I'll do whatever for the team as long as we win."

Utah Players (Cont.)

QB Jake Bentley

ON HALFTIME ADJUSTMENTS-"We made the schematic adjustments we need to make. Credit to Coach Ludwig and the other coaches. They really saw what Colorado was doing on defense and put us in the best situation to be successful. For me, it was having a so-what, now-what mentality. So-what, we scored, we stalled out, I missed a third down completion to [Britain Covey] and there's some things we have to figure out. Now-what do we have to do to be successful. It's awesome to see these guys' faces light up with excitement when we're moving the ball."

ON CU'S FUMBLE AT THE END OF THE FIRST HALF-"It was just a matter of perfect execution on offense and when you have successful plays build up, it gives the offense so much confidence. If you look at the Oregon State game, we mishandled that situation and didn't perform before halftime. This time we executed perfectly in a similar situation and [Britain Covey] executed perfectly getting down and then Mr. Automatic [Jaden Redding] put it through for us. It was a big momentum swing."

ON CONFIDENCE IN OFFENSE- I'm more confident, yeah. I think when you look at the game, there is still a lot I have to clean up. That through to [Britain Covey], that throw to [Dalton Kincaid], the drive before half when I missed [Britain Covey] on a crosser. There are so many things for me to clean up and not to be negative about the game, I'm glad we won, but I know we can be even better as an offense and continue to improve. It sucks we have one game left, but I'm excited to go out and execute with those guys."

ON THE DEFENSE- "That's what the outside people were thinking about our defense. Internally, we knew how good they could be. We have some of the best coaches in the nation and we knew our special defense could be. The team's confidence and energy they brought to the offense and then for the offense to go out and score on our first drive of the 2nd half. We were feeding off each other and that was just huge."

ON TRANSITION OF OFFENSE IN HIS CAREER- "Offense is complex and a new thing for me, but battling through spring practices and then having to maneuver your way through this year and learn in different settings has made this tough but I think of Ludwig and the amount of hours he's invested in me and a ton of credit to Drew Lisk, he's taught me a lot and he's the smartest guy I know. Big credit to them helping me learn it and I'm super glad to be here and playing for the Utes."

ON EARLY START- I've played at 11am central time which was the earliest for me. I didn't know if [Britain Covey] set off the alarm. All the strength coaches acted like they were innocent but I have a feeling that one of them paid someone to do it. It got us woken up and I applaud the guys for waking up and being ready to go."

ON HOW REWARDING GAME WAS FOR HIM - "For me, it's something you can't describe. We have a special group, especially those two guys [Soloman Enis and Brant Kuithe] always coming up to me and fulfilling me with confidence. Two guys I'm lucky to call friends and teammates. This year has been hard on all of us and for us to get a big win like this, it was us overcoming the adversity that we faced and I know a lot of the guys have personal battles too. For [Soloman Enis] to have a big game was just huge for him because he's been battling some stuff. I told him I was proud of him and the way to battle through practice all week and to see him have a great game was just awesome."

► **Series.** Utah has won eight of the 10 meetings since both joined the Pac-1 and has tied the series at **32-32-2** (the first time it has been tied since 23-23-1). The Utes have won four straight.

► **General.** Kickoff was officially at **10:05 a.m.**, the earliest in Folsom Field history (old: 10:09 a.m. vs Nebraska on Nov. 23, 2007) ... CU is now **24-30-1** when wearing all black uniforms; the Buffs are **3-20** in the black helmets and **0-8** when in black from head-to-toe ... CU is now **13-19** in the month of December (**5-8** in regular season games) ... **TB Jarek Broussard's** fumble was the first by a CU running back this season (on the 166th attempt by a running back), and the first loss suffered by an RB in 19 games (Travon McMillian had the only that season at Washington State) ... CU didn't penetrate the red zone for the first time since Nov. 3, 2012 in a 48-0 home loss to Stanford.

IT WAS INEVITABLE With three games on the regular season in December, it was most likely at least one would make the

list of the coldest games in school history. Today's **23-degree** temperature at kickoff marked the **10th** coldest it has been for a CU game (and the **seventh** coldest at home). At halftime, it "warmed" to **24** degrees; at the game's end, it was **23**.

TB Jarek Broussard (14-80, 0 TD, 3 FD rushing; 3-6 receiving)

► He came close to rushing for 100 yards in a fifth straight game, but with **813** yards will remain among the national leaders at **162.6** yards per game.
